

Southern Valley Farms is family owned and operated in Norman Park, GA. Southern Valley supplies produce throughout the United States & Canada. Their main crops are bell peppers, zucchini, cabbage, and greens.

Green Peppers & Jalapenos

Georgia grown green peppers & jalapenos served in your cafe!

- All bell peppers start off as green, then change to the appropriate color based on the variety of pepper.
- Jalapenos are the only chili peppers to have been in space!
- There are 600 varieties of peppers.
- The hottest pepper in the world is the Carolina Reaper.

★ Green Peppers & Jalapenos are high in vitamin C!
