Dunn, North Carolina.

Fresh-Pro is located in
Princeton, North
Carolina.

Hapco is located in
Fairfax, South Carolina.

- Watermelon is in the same family as squash, cucumbers, and pumpkins.
- Watermelon is a warm-season crop that grows on a vine.
- Watermelon is a fruit & a vegetable! It is a fruit because it grows from a seed, and it is a vegetable because it is harvested and cleared from the field like other vegetables.

★ The flesh of watermelon is over 90% water!
